

It's either this...

...or the Proven Protection of LifeStyles.

Obviously, abstinence is the most foolproof form of safe sex. And while teenage pregnancies are on the decline, STDs and HIV/AIDS are clearly on the rise.

That's why so many health care providers put their trust in LifeStyles Condoms, and why we've been the leading provider in the Public Sector marketplace for over 20 years.

In Burst Volume and Pressure Tests, LifeStyles unique, "stretchable" latex outperformed Trojan and Durex.⁽¹⁾ And we outscored the competition on comfort and sensitivity as well.⁽²⁾ It all adds up to Proven Protection That Feels Really Good...a "win-win" for everybody.
